## Guest Speaker:

Dorothy Greatrex, founder of Mujeres Nuevo Comienzo was orphaned just before her 6th birthday and soon entered into a series of foster homes.

She was emotionally and sexually abused during this time. She started making poor choices at age 15 and searched for acceptance and love.

Dorothy's journey is of one failure after another, dragging three innocent children through a muddle of mistakes which ended at age 59. She finally found Christ and found a peace that surpasses all human understanding. Dorothy's journey continues with her helping broken women and children make wiser choices in Baja California, Mexico. Dorothy's life verses are Isaiah 45:1 – 7.
